

# FORM G – Makeup Exam Request

SoCal CDC 2026

We have very limited ability to accommodate makeup testing for students who are unable to test during the established testing time. In the instance where there is a very special/unique need that constitutes an extenuating circumstance we will do our best to provide makeup testing on the second day of the conference. Testing must be completed by 12:00 p.m. on Saturday, January 10, 2026. There are no exceptions to this rule.
