

## FORM E – Substitutions/No Show Form

We need accurate substitution and no-show information so we can keep event schedules, section assignments, and judge workloads running smoothly. If a student is dropping, list their name and event acronym(s); if you are bringing a replacement, enter the substitute's name so we can assign them correctly to those same events (no event changes are allowed). If it is simply a drop with no replacement, enter "none" in the Student Sub column. This ensures we remove the student from the schedule and avoid gaps during competition.
